

I think that the presenters were very knowledgeable and PATIENT for the way they handled the presentation and our class also.

Well, I would also like to apologize about the lateness of our restaurant, since it makes us, the students look bad also.
Thank You ☺

I think that they were very knowledgeable, friendly and hands on. They didn't only speak they also act out scenes that you could get a better idea. I also found the non-verbal scenes interesting. And this is the way we should be thought.
